

# **WaFlorA Scholarship & Research Charitable Fund**

The WaFlora Scholarship & Research Charitable Fund (WSRCF) was formed in 1991. The Henry Mollgaard Memorial Donation was the basis for this corporation. We now have over \$160,000 in the fund. Since 1991, additional named memorial donations have been established in the names of: Elaine McConkey, Dr. Bernie Wesenberg, Wileywood/Wayfarer, and Dr. Charles Pfeiffer.

The term 'base fund' means the amount that is retained each year. The scholarships awarded annually are from interest earned by investing the base fund. Thus, the base fund continues to grow with donations given. Since the original donation over 25 scholarships, of \$500 - \$2000 each, have been awarded to assist students in education in Floriculture, Horticulture and related fields.

The Scholarship Board of Directors enthusiastically accepts donations of any amount. In addition, a donor may elect the option of making a named gift in the amount of \$2500 or more in the name and memory of a specific person or persons. This creates a "Named Scholarship".

Individuals who are interested in Floriculture or Horticulture are encouraged to apply for a scholarship from the WSRCF to help them continue their education, obtain a degree, or to further their education via pertinent seminars.

- Eligibility for the WSRCF Scholarship is open to persons pursuing an education in the Floricultural/Horticultural field of study. Submittal deadline is June 1st of each year.
